June 2009 NEWS LETTER

Meeting called to order at 7:15pm. 15 members present.

Treasurers Report

Bill gave the treasurers report. Motion to accept by Tom S., Motion 2nd by Bill B. motion passed.

Secretary's Report

Bill read the May 2009 minutes. Motion to accept By Jack L, motion 2nd by Terry B., motion passed.

Vice-Presidents and President Report

We have 11 more entries for the Chamber tournament, for a total of 32. (That is the same as last year at this time.)

This year's trout Derby had 1412 entries, and last year had 1442. The club received \$251.40 for ticket sales. We don't know how much more we will get from the FLSOR until later. First Niagara sponsored us again with \$300.00.

Old Business

The Barge Canal/ Chamber tournament is one week from Sat. June 20th. We need more help for the 2:00pm weight in. Dan will be there at 1:00pm . If anyone can help call him or be there Saturday at 1:00pm. Dan will also be there at 4:00am with Mark Lundergan, Jack Lowery, and Pat Ryan to get the boats checked and launched.

Walt, Dan and I working on a process where we can help Ken keep up on the web page. Thanks Ken for your continuing efforts.

New business

Our first point's tournament is coming up fast. We will be launching from the camp grounds south of the causeway. When you go there remember to go in the first drive way where the sign is, or things will get messed up. Going thought the causeway will be idle speed only. Dan will collect the launch fees (\$9.00) , and will pay that at the end of the tournament. Non-boaters make sure you get the money to Dan.

The draw will be Fri. June 26th at the sportsman's club (regular meeting place) with sign up from 7:00pm to 8:00pm and the draw at 8:00pm. Call Dan if you can't make the draw.

Pros pointer

The camp ground launch is not a bad launch if you use the first drive.

Don't bother with the south end of Otisco, Jack says he has never caught anything there.

50/50

Jack Lowery

See you on the water.
